COORDINATION OF MOVING DAY

When you are ready to move into or out of Hyde Park Place, or move large pieces of furniture or appliances, please call DS Property Management to schedule at least three (3) working days prior to moving so that we can protect the elevator. Moving vans are to be parked in the alley or along 12th and 13th Streets.

All items moved into or out of Hyde Park Place must be properly padded to protect the walls of the elevators and common areas. We will also reserve the elevator when you call three (3) days prior to your moving day. As you unpack, please break down the boxes and stack them out by the dumpster. Please do not leave boxes in the hallways or put them in the dumpster without breaking them down.

PLEASE NOTE: The **Parking Garage** is **NOT** for deliveries. **There is only 7 feet of clearance.** If the Parking Garage or the surrounding areas are damaged due to unauthorized use, you will be responsible for the costs of repair.

PARKING

Reserved parking is available on the lower level. There are two (2) handicapped spaces available for use in the Parking Garage. The parking ramp may be accessed from 12th Street. There are 28 unassigned parking spaces off the alley for guest parking.

You will be provided with a gate opener to access the Parking Garage. Just point it at the gate and the gate will rise. The remote is not necessary for exiting the garage as it operates through an electric eye.

Please note that the clearance in the garage is only 7 feet. The area above the entrance can be damaged. Please be careful when using bike or ski racks, rocket boxes etc. You will be responsible for all damage caused to the Parking Garage as a result of your use of the same.

If you lose your remote, you can obtain a new one by calling DS Property Management. There will, however, be an additional cost for the replacement.

BUILDING SECURITY

DOOR KEYS

The Boise City Fire Department requires that it be provided with a master key to fit all locks in Hyde Park Place. Your Unit is on a strictly controlled master system. Your individual Unit key will provide access to your unit only.

If you need to re-key your locks, please call Baldwin Lock & Key at (208) 336-4742 and they will assist you while maintaining the master system.

Keyless Entry Locks:

ASSOCIATION MEMBER ENTRANCE/EXIT DOORS/CODES

The main entry door, rear doors off the alley and entry door in the parking garage are locked 24-hours a day. Owners must use their code or swipe card to enter the building. The codes will change periodically and are for Unit Owner use only.

ACCESS FOR VISITORS

All Unit telephones will be connected to the door access telephone, which is located outside the main entrance of Hyde Park Place. Visitors can utilize this telephone by entering your unit number, which will call the number of the phone you provided. Once the visitor is identified, you can push #9 on your telephone to release the magnetic lock for entry. Only your unit number will be placed on Hyde Park Place directory in the call box located outside the main entrance of Hyde Park Place.

EMERGENCIES DUE TO ELEVATOR MALFUNCTION

For emergencies due to elevator malfunction, use the phone inside the elevator to call DS Property Management at 922-8027 if calling after hours for the on-call technician or Shane Glenn at 412-0276. If there is no response within 15 minutes, please call Schindler Elevator Company at (208) 577-5525. If you are unable to get a response, call 911 for the fire department.

MAIL AND NEWSPAPER DELIVERIES

The mailboxes are in the main lobby. You have been assigned a box and provided keys. In the event you lose your keys, it will be necessary to re-key the locks, at your cost. If at any time your mail delivery exceeds what will fit in your box, the postman will leave a key in your box to either parcel box A or B. After you insert the key to remove your additional mail, the key will not come out of the lock. The postman retrieves the key upon his next visit to the building.

The Idaho Statesman has been given a code to the front door and will deliver newspapers to each door.

COURIER DELIVERIES

The entry code system prevents unauthorized persons from gaining access to the building. Outside delivery services such as UPS and Federal Express will call your unit using the telephone code pad at the entrance. Please advise them how to use the phone to call, or have deliveries sent to your place of business. If you have a large item delivery, please contact DS Property Management or the Building Supervisor and we will be happy to assist you.

MAINTENANCE / CLEANING

DS Property Management provides maintenance services and arranges for the cleaning of the common areas. If you experience any maintenance problems or concerns, please call our office at (208) 922.8027 and the appropriate person will be contacted to assist you.

Maintenance and repair to individual heating systems is each Owner's responsibility. Your Association dues cover maintenance of the common system. We encourage you to arrange for a quarterly maintenance inspection by the heating, ventilation and air conditioning contractor that the Association hires.

Generally, all maintenance within your Unit is your responsibility. If needed, our maintenance staff is available to assist you with any interior maintenance. Any services provided will be billed to you at our regular hourly rate.

Exterior window cleaning is scheduled two times per year. You will be notified of these dates a week before the day of cleaning. We can arrange to have the interior of your windows cleaned or the exteriors cleaned more frequently, upon request, for an additional charge.

All equipment that operates Hyde Park Place is inspected at appropriate intervals and at least on an annual basis. While most of this equipment is in common areas, we are required to inspect the fire sprinklers in each Unit as well. We will contact you to schedule this inspection.

If you will be out of town, please let us know and leave emergency contact information. We will only enter your Unit in case of an emergency such as fire, flood unless you direct us otherwise.

BUILDING SAFETY

The following is provided for informational purposes only and represents generally accepted safety procedures recommended by numerous public and/or private agencies. By your signature you agree to hold the Association, Management Company and the Board harmless of all claims.

Evacuation of Hyde Park Place may be necessary for a variety of reasons. Each person should be familiar with at least two escape routes. Included at the back of this booklet are floor plans for floors 1-2.

FIRE & SAFETY INFORMATION

WE DO NOT INTEND TO ALARM YOU BUT PLEASE READ THIS, IT IS IMPORTANT

If a fire occurs, few people actually die from the heat and flames. The majority of people succumb to smoke, poisonous gases, and panic. Panic in an emergency situation is usually the result of not having a coherent plan to follow. After you move in, take a few moments to develop an escape plan with alternatives to adapt to the emergency at hand. By doing so, you'll greatly increase your odds for survival.

Do's

Do have a fire extinguisher in your unit of the right type and use to fight a small fire, only if you can do so safely and the fire department has been called - 911.

Do use stairwell exits only.

Do walk - **don't** run.

Do move away from the building at least one block.

Don'ts

Don't use elevators. Elevators are removed from service after the alarm is pulled.

Don't attempt to fight a large fire.

Don't take time to gather personal belongings.

Don't return until "all clear" is given.

To regain entry if smoke or flames block your escape route. Emergency lighting should activate automatically but have a flashlight handy also.

KNOW YOUR WAY OUT

Find the fire exits closest to you and keep flashlights on hand for emergency purposes. If fire occurs, never use the elevator as an exit. Before an emergency situation exists, test the potential exits you would use. Make sure the doors open and stairways are clear of obstructions. Find the nearest fire alarm pull station. Examine it and be sure you know how to use it - even in the dark. Make a mental map of what lies between your Unit and the fire alarm pull station and the exit. Count doors and note other features along your path in case the hallway should be dark or filled with smoke. You may have to crawl along the wall to the exit door and the fire alarm pull station. A map of floor plans is located at the end of the book.

IF YOU HEAR THE FIRE ALARM:

1. Carefully check the door for heat or signs of smoke. If the door is cool and you do not see smoke, open the door slowly and go to the nearest EXIT. Remember to close the door behind you. Take your KEY so you can go back to your Unit if EXITS are blocked by smoke and flame.
2. DO NOT use the elevators because they are unsafe during a fire.
3. Proceed to the nearest EXIT or EXIT stairway. Have a secondary EXIT or EXIT stairway in mind in case your primary EXIT is blocked.
4. If you are concerned about your ability to negotiate the stairs or evacuate the building, please arrange for a "buddy" to assist you to the EXIT in case of an emergency. If you are a "buddy", please assist your friend to an exit.
5. If you CAN physically negotiate the EXIT stairs, do so. Proceed to ground level and go out to the street.

6. If you CANNOT negotiate the stairs, stay in your Unit and call 911 to let them know. This is the first place a firefighter would come to help you.
7. Be prepared to crawl low in order to stay below any smoke.

IF YOU DISCOVER A FIRE IN YOUR UNIT:

1. Leave your Unit immediately. CLOSE THE DOORS.
2. Activate the alarm system.
3. If smoke obscures normal vision, use your knowledge of the number of doorways between your Unit and the stairwell as a guide to the EXIT.

IF YOU CANNOT EXIT FOR ANY OTHER REASON:

1. Keep the good air IN your Unit and smoke-filled air OUT: a. Stuff wet towels in the air vents and cracks around the doors. b. Turn off all room thermostats and air conditioners. c. DO NOT break windows.
2. Signal your location to firefighters by hanging a sheet out a window that can be opened. (Be sure to close the window again after you have secured the sheet.) If possible, telephone 911 to indicate your location in the building. Go out on your balcony.
3. If smoke or fire begins entering your Unit, cover yourself with a wet blanket, put a towel over your face, and lie down on the floor to await rescue.

PLEASE ACT AS IF EVERY FIRE ALARM INDICATES THERE IS A PROBLEM THAT NEEDS CORRECTIVE ACTION.

Boise Noise Ordinances regulate the volume of the music or entertainment that occurs at many of these locations, but on occasion there are disturbances that result from such activities. LEASING UNITS

The Board of Directors of Hyde Park Place Owner's Association, Inc. in the exercise of the power granted in Paragraph 8.4.1.5 of the CC&R's and paragraphs 4.3.3, 4.3.6 and 4.3.15 of the Association Bylaws adopts the rules set forth below for the benefit of the Association as they pertain to the condominiums which are legally described as Units 1 through 39, inclusive of the legal description set forth below:

Lots 7 thru 12, Block 74, Boise City Original Townsite, and shown on the Plat of Whittier Condominiums recorded March 3,2004 in Book 88 of Plats at Page 10,121 - 10,125.

Instrument No. 104024381 official records of Ada County, Idaho (the Plat). a copy of which is attached hereto as Exhibit A, furthermore, the Board has solicited the ratification of the adopted Rules set forth below from the membership of the Association and the rules set forth below have been ratified by at least 51% of the members of the Association at a duly noticed and conducted Special Meeting of the Association attended by 51% of the members in person or by proxy.

1. The numbers of rental units allowed in the building are a total of 12 units. This number was determined by reference to the rules governing lending practices of Freddie Mac and Fannie Mae, and other lenders as being the number of rental units allowed before a project no longer qualifies as a property intended, primarily, for Owner occupancy. Once 30% of the units are established as rentals, anyone else wishing to lease out their unit must notify the Association in writing and will be placed on a waiting list. Waiting list priority is established on a first come first served basis, in other words, the first to apply is first on the list. Please contact the Association management company to obtain the form to submit for approval for leasing.

2. After the Board approves an application to rent a unit, the owner must have a lease in place within 90 days of being approved to lease. **The term of the lease shall be not less 180 days nor more than 360 days in length.** The lease term shall commence within 30 days of the execution of the lease. No occupancy by a tenant shall commence and no tenant shall be allowed into possession of the leased unit until the Board specifically authorizes and approves the lease agreement and approves the supporting documents identified below. If the unit is not leased within 90 days of Board approval of the application to lease the unit the owner will be moved to the bottom of the waiting list and the next person on the list will be contacted by the Board to determine if they want to rent their unit.

3. In order to have the Board authorize the leasing of your unit, the following documents must be provided to the Board PRIOR THE COMMENCEMENT OF THE LEASE:

- A copy of the written management agreement for the rental unit
- A fully executed copy of the lease
- A signed application
- A criminal background check
- A credit check
- A reference verification
- An employment verification
- A prior rental history verification

In those instances where the rental application has been verified as required by either the Company managing the Association or another, professional management company, the documents will not be required to be submitted to the Board for approval by the management company managing the Association. However, all of the documents shall be submitted along with a cover letter from the professional management company to the management company managing the Association for inclusion in the files of the

Association and to assure that the Board is able to properly track lease expiration dates, move in dates and the like.

4. You must notify the Association in writing 30 days prior to the expiration of any existing lease or within 5 days of a lease termination. Once a lease has expired the owner will be given another 30 days to re-lease the unit from the date of expiration or termination of the existing agreement, provided that the total term of the lease, from the original lease commencement date shall not exceed one year. If the owner does not obtain a lease within these 30 days, then the unit will be removed from the approved to lease list and moved to the bottom of the waiting list. The next owner of the next unit on the waiting list will then be given the opportunity to lease that unit. At the end of all one-year lease terms, the leased premises shall be removed from the approved to lease list and placed at the bottom of the waiting list in order to afford all residents an equal opportunity to lease their premises. If there is no waiting list, the leased premises shall, at the owner's request, remain on the approved to rent list and maybe relet to the existing tenant or another tenant at the owner's discretion.

5. For the mutual benefit of all residents, no prospective tenant will be approved to occupy a unit if:

- They have pled guilty to or been convicted of a felony within the past 10 years
- They are on parole from any penal institution
- They have pled guilty to or convicted of any gun related offense
- They have been convicted or pled guilty to a sex crime or sex related crime
- They have a rental history that includes damage to the leased facility or the common areas thereof.
- They have a rental history of excessive noise or any other disruptive behavior which disturbed the rights of neighbors to the quiet enjoyment of their premises.

6. All leases must be in writing and must contain a provision that, subsequent to the commencement of the lease term, the tenant is determined to have made any misrepresentation concerning his or her or their background that the lease is terminable on not more than 30 days' notice of termination. An Owner, upon receipt of written notice from the Association of a violation of this provision, shall have 10 days to initiate termination of the lease and shall be permitted 60 days to have the tenant vacate the unit. If the Owner fails to initiate termination or have the tenant removed, the Owner is subject to fines from the Association of \$100.00 per day of the violation.

7. All leases shall expressly provide that the tenant(s) will adhere to all provisions of the CC&R's and current Association rules. A copy of the current rules and CC&R's of the Association shall be attached to and incorporated into the written lease agreement between the Owner and the tenant.

8. All leases must require a minimum security/damage deposit of \$1,000.00, which sum shall be made first available by the unit owner to repair any damage to any common areas caused by the unit's tenants. Additionally, the tenant or owner of the leased unit shall pay to the Association the sum of \$250 as a fee for the increased usage of common

areas and to defray the cost of reprogramming security codes and other operational costs associated with the operation of the Association and the building. In the event that the security/damage deposit is inadequate to repair or replace common area elements damaged by a tenant, the owner will, within 30 days of written demand therefore, reimburse the Association for all such costs incurred in restoring common area elements to the condition prior to the damage.

9. All leases will specifically require that the tenant not disclose security codes to any third party nonresidents and that the owner of the leased unit will be responsible for the cost of reprogramming the security codes if the tenant occupying that owner's unit is determined to have disclosed the security codes to the building.

10. All leases must have a provision requiring that the tenant park only in spaces assigned to the unit and that the total number of parking spaces available to the tenant shall not exceed the number of spaces assigned to that unit by the CC&Rs.

11. All owners approved to lease their units will comply with all Fair Housing Laws, ADA laws and the laws of the State of Idaho applicable to the leasing of units.

12.
